Sommario/riassunto	The Pan European VOice Conference (PEVOC) was born in 1995 and therefore in 2015 it celebrates the 20th anniversary of its establishment: an important milestone that clearly expresses the strength and interest of the scientific community for the topics of this conference. The most significant themes of PEVOC are singing pedagogy and art, but also occupational voice disorders, neurology, rehabilitation, image and video analysis. PEVOC takes place in different European cities every two years ( <a href="http://www.pevoc.org">www.pevoc.org</a> ). The PEVOC 11 conference includes a symposium of the Collegium Medicorum Theatri ( <a href="http://www.comet.collegium.com">www.comet.collegium.com</a> ).
