

1. Record Nr.	UNINA9910571781103321
Titolo	Solarities : seeking energy justice // After Oil Collective, Ayesha Vemuri and Darin Barney, editors
Pubbl/distr/stampa	Minneapolis, MN : , : University of Minnesota Press, , 2022
ISBN	1-4529-6867-5
Descrizione fisica	1 online resource (92 pages)
Collana	Forerunners: ideas first series
Disciplina	333.7923
Soggetti	Solar energy - Social aspects
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Sommario/riassunto	A collective engages and mirrors the critical need for energy justice and transformation. Solarities considers the possibilities of organizing societies and economies around solar energy, and the challenges of a just and equitable transition away from fossil fuels. Far from presenting solarity as a utopian solution to the climate crisis, it critically examines the ambiguous potentials of solarities: plural, situated, and often contradictory. Here, a diverse collective of activists, scholars, and practitioners critically engage a wide range of relationships and orientations to the sun. They consider the material and infrastructural dimensions of solar power, the decolonial and feminist promises of decentralized energy, solarian relations with more-than-human kin, and the problem of oppressive and weaponized solarities. Solarities imagines-and demands- possibilities for energy justice in this transition.
