

1. Record Nr.	UNINA9910574061403321
Autore	Cai He
Titolo	Cooperative control of multi-agent systems : distributed observer and distributed internal model approaches / / He Cai, Youfeng Su, and Jie Huang
Pubbl/distr/stampa	Cham, Switzerland : , : Springer, , [2022] ©2022
ISBN	3-030-98377-3
Descrizione fisica	1 online resource : illustrations (some color)
Collana	Advances in Industrial Control.
Disciplina	006.30285436
Soggetti	Multiagent systems
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di contenuto	1. Introduction2. Preliminaries3. Two Consensus Problems4. The Distributed Observer Approach5. Leader-Following Consensus of Multiple EulerLagrange Systems6. Leader-Following Consensus of Multiple Rigid Body Systems7. Output Regulation8. Cooperative Output Regulation of Linear Multi-agent Systems by Feedforward Design9. Cooperative Robust Output Regulation of Linear Multi-agent Systems10. Cooperative Robust Output Regulation of Nonlinear Multi-agent Systems11. Cooperative Robust Output Regulation of Nonlinear Multi-agent Systems over Switching Graphs
