

1. Record Nr.	UNINA9910574098003321
Titolo	The immune response to infection [[electronic resource] /] / edited by Stefan H.E. Kaufmann, Barry T. Rouse, David L. Sacks
Pubbl/distr/stampa	Washington, DC, : ASM Press, c2011
ISBN	1-68367-119-8 1-283-03446-8 9786613034465 1-55581-687-8
Descrizione fisica	1 online resource (700 p.)
Altri autori (Persone)	KaufmannS. H. E (Stefan H. E.) RouseBarry T SacksDavid Lawrence
Disciplina	616.07/9 616.90479
Soggetti	Immune response Infection
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Contents; Contributors; Preface; The Immune Response to Infection: Introduction; SECTION I: HOST DEFENSE: GENERAL; SECTION II: THE PATHOGENS; SECTION III: INNATE IMMUNITY TO MICROBIAL INFECTIONS; SECTION IV: ACQUIRED IMMUNITY TO MICROBIAL INFECTIONS; SECTION V: PATHOLOGY AND PATHOGENESIS; SECTION VI: EVASION AND SUPPRESSION OF THE ANTIMICROBIAL HOST RESPONSE; SECTION VII: GENETICS OF THE ANTIMICROBIAL HOST RESPONSE; SECTION VIII: AUTOIMMUNITY AND CANCER; SECTION IX: IMMUNE INTERVENTION; SECTION X: THE MAJOR KILLERS (CLINICS, EPIDEMIOLOGY, AND IMMUNE PARAMETERS); Index
Sommario/riassunto	With an approach that covers the range from basic research to clinical applications, this book examines the mechanisms of both the innate and adaptive immune systems as they relate to infection and disease. It is recommended equally for researchers and students who focus on the pathogen and those who examine the immune system: immunologists, molecular microbiologists, and clinicians specializing in infectious

disease.
