Smyth and David Ortegon Zapata -- Classic politics in the northern Maya lowlands / Justine Shaw and Dave Johnstone -- Ichmul de Morley and northern Maya political dynamics / J. Gregory Smith, William M. Ringle and Tara M. Bond-Freeman -- The relationship between Tula and Chichen Itza : influences or interactions? / Rafael Cobos -- Ethnoarchaeology in the northern Maya lowlands : a case study at Naranjal, Quintana Roo / Kurt R. Heidelberg and Dominique Rissolo -- Archaeologists working with the contemporary Yucatec Maya / Dominique Rissolo and Jennifer P. Mathews -- Milpas of corn and tourism milpas / Alicia Re Cruz.

## Sommario/riassunto

"By exploring various social and political levels of Maya society through a broad expanse of time, *Lifeways in the Northern Maya Lowlands* not only reconstructs a little-known past, it also suggests the broad implications of archaeology for related studies of tourism, household economies, and ethnoarchaeology. It is a benchmark work that pointedly demonstrates the need for researchers in both north and south to ignore modern geographic boundaries in their search for new ideas to further their understanding of the ancient Maya."--Jacket.
