   Sommario/riassunto The "Creating Age-friendly Communities: Housing and Technology"
                       publication presents contemporary, innovative, and insightful
                       narratives, debates, and frameworks based on an international
                       collection of papers from scholars spanning the fields of gerontology,
                       social sciences, architecture, computer science, and gerontechnology.
                       This extensive collection of papers aims to move the narrative and
                       debates forward in this interdisciplinary field of age-friendly cities and
                       communities.
