

1. Record Nr.	UNINA9910583074003321
Autore	Mitchell Maika G.
Titolo	Molecular pathology and the dynamics of disease / / Maika G. Mitchell
Pubbl/distr/stampa	London, England : , : Academic Press, an imprint of Elsevier, , [2018] ©2018
ISBN	0-12-814611-7 0-12-814610-9
Edizione	[First edition.]
Descrizione fisica	1 online resource (220 pages)
Disciplina	616.07
Soggetti	Pathology, Molecular
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Molecular Pathology and the Dynamics of Disease bridges the basic science of, and primary clinical literature on, human disease. Topics covered include several major disease areas, such as inflammation and host response, vascular disease, obesity, weight regulation and appetite, cancer biology, drug development, and gene- and cell-based therapeutics that are all presented in a way that emphasizes the interplay between clinical care and investigation. As new technologies and techniques are constantly changing and laboratory scientists plays a critical role in validating data used by clinicians in diagnosing patients, this book provides a timely guide that includes a clinical, research and theory perspective.--
