

1. Record Nr.	UNINA9910583092403321
Titolo	Neuroimaging . Part II // volume editors, Joseph C. Masdeu, R. Gilberto Gonzalez
Pubbl/distr/stampa	Amsterdam, Netherlands : , : Elsevier, , 2016 ©2016
ISBN	0-7020-4538-1 0-444-53486-5
Descrizione fisica	1 online resource (720 p.)
Collana	Handbook of Clinical Neurology ; ; Volume 136
Disciplina	616.804754
Soggetti	Nervous system - Imaging Nervous system - Diseases - Imaging Nervous System Diseases - diagnosis Neuroimaging - methods
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Nota di contenuto	Front Cover; Neuroimaging Part II; Copyright; Handbook of Clinical Neurology 3rd Series; Foreword; Preface; Contributors; Contents of Part II; Contents of Part I; Section 3: Spinal diseases; Chapter 32: Functional anatomy of the spine; Introduction; Cervical spine; Suboccipital zone; Upper transition zone; Lower transition zone; Typical cervical vertebrae; Lumbar spine; Muscles; Innervation; Thoracic spine; References; Chapter 33: Neuroimaging of spine tumors; Introduction; Metastatic tumors of the vertebral column; Imaging of vertebral metastases; Vertebral compression deformity Primary tumors of the spine; Benign primary spine tumors; Malignant primary spine tumors; Hematologic malignancies of the spine; Intradural extramedullary tumors; Leptomeningeal metastases; Imaging; Meningiomas; Imaging; Peripheral nerve sheath tumors; Imaging; Intramedullary spine tumors; Ependymoma; Astrocytoma; Hemangioblastoma; Intramedullary metastasis; Conclusion; References; Chapter 34: Vascular diseases of the spine; Introduction; Medullary infarct; Anatomy and physiopathology; Clinical features; Etiologies;

Investigation and imaging; Outcome; Treatment

Spinal arteriovenous shunting lesions; Spinal dural arteriovenous fistula; Imaging; Treatment and outcome; Pial AV shunts; Imaging; Treatment and outcome; Cavernous malformations; Conclusion; References; Chapter 35: Infections of the spine and spinal cord; Extradural infections; Bacterial (pyogenic) spondylodiscitis; Spinal epidural abscess; Tuberculous spondylodiscitis; Brucella spondylodiscitis; Fungal spondylodiscitis; Hydatid disease; Intradural extramedullary infections; Bacterial subdural abscess; Tuberculous arachnoiditis; Intradural cysticercosis; Intradural hydatid disease Varicella-zoster virus (VZV) myelopathy; Cytomegalovirus (CMV) polyradiculopathy; Intramedullary infections; Bacterial myelitis; Tuberculous myelitis; Intramedullary cysticercosis; Varicella-zoster virus myelitis; Cytomegalovirus myelitis; Toxoplasma myelitis; Fungal myelitis; Conclusion; References; Chapter 36: Imaging of noninfectious inflammatory disorders of the spinal cord; Introduction; Clinical overview; Anatomic considerations; Imaging inflammation; Noninfectious inflammatory myelitis; Multiple sclerosis; Neuromyelitis optica; Idiopathic transverse myelitis Acute disseminated encephalomyelitis; Neurosarcoidosis; Arachnoiditis; Spinal dural arteriovenous fistula; Spinal cord tumor; Leptomeningeal carcinomatosis; Conclusion; References; Chapter 37: Imaging of trauma of the spine; Imaging techniques; Spine clearance; Spine stability; Fracture patterns and classifications; Cervical; Flexion; Extension; Axial loading; Complex; Thoracolumbar; MRI of acute spinal trauma; Osseous injury; Ligamentous injury; Disc injury; Epidural hematoma; Vascular injury; Spinal cord injury; Hemorrhage; Edema; Swelling; Chronic spinal cord injury; Cysts; Myelomalacia Advanced imaging in spinal cord injury
