Record Nr. UNINA9910583100603321 Autore Rai Raveendra Kumar Titolo Planning and evaluation of irrigation projects: methods and implementation / / Raveen Kumar Rai, Vijay P. Singh, Alka Upadhyay Pubbl/distr/stampa London, England:,: Academic Press,, 2017 ©2017 **ISBN** 0-12-811856-3 Edizione [1st edition] Descrizione fisica 1 online resource (680 pages): illustrations Disciplina 333.913 Irrigation - Management Soggetti Irrigation engineering Lingua di pubblicazione Inglese **Formato** Materiale a stampa Livello bibliografico Monografia Nota di bibliografia Includes bibliographical references at the end of each chapters and index. Sommario/riassunto Planning and Evaluation of Irrigation Projects: Methods and Implementation presents the considerations, options and factors necessary for effective implementation of irrigation strategies, going further to provide methods for evaluating the efficiency of systems-inplace for remedial correction as needed. As the first book to take this lifecycle approach to agricultural irrigation, it includes real-world examples not only on natural resource availability concerns, but also on financial impacts and measurements. With 21 chapters divided into two sections, this book is a valuable resource for agricultural and hydrology engineers, conservation scientists and anyone seeking to implement and maintain irrigation systems. Uses real-world examples to present practical insights Incorporates both planning and evaluation for fullscope understanding and application Illustrates both potential benefits

and limitations of irrigation solutions Provides potential means to increase crop productivity that can result in improved farm income
