Coyner ; updated by A. LeBlanc -- Avian and exotic animal dermatology / Cheryl Greenacre -- Pre- and post-treatment response images.
Sommario/riassunto	Designed with busy practitioners and students in mind, Small Animal Dermatology: A Color Atlas and Therapeutic Guide provides concise, thorough coverage of over 250 skin diseases affecting small animals. More than 1,000 high-quality images help to ensure accurate diagnoses, with coverage including clinical features, top differentials, treatment, and prognosis for each disorder. In this edition, author Keith A. Hnilica streamlines content for practical, everyday use in the clinic. The differential diagnosis chapter is updated for added clarity and easier use, and for quick access, cha
