Sommario/riassunto	Logically organized and easy to use, Drugs for Pregnant and Lactating Women, 3rd Edition, is your #1 resource for details on how virtually all of today's drugs and herbal supplements interact with pregnancy and lactation. More than just a dosing manual, this unique title by Dr. Carl P. Weiner fully explains whether each drug is FDA-approved for use by

expecting or nursing mothers, is known to be safe for use, or is known to pose a danger. With up-to-date coverage of nearly 2,000 substances, it provides the thorough details you need to choose the most effective course of treatment.
