Autore	Italia
Titolo	Decreto e regolamento per l'applicazione della legge sulla tassa di vendita degli spiriti - 31 luglio 1888 - n. 5612 / Italia
Pubbl/distr/stampa	Torino : Stamp. Gazzetta del Popolo, 1888
Descrizione fisica	18 p. ; 16 cm
Disciplina	343.04
Locazione	FAGBC
Collocazione	60 340 C 166
Lingua di pubblicazione	Italiano
Formato	Materiale a stampa
Livello bibliografico	Monografia
2. Record Nr.	UNINA9910583313103321
Autore	Atzeni Fabiola
Titolo	The heart in systemic autoimmune diseases // edited by Fabiola Atzeni, Rheumatology Unit, L. Sacco University Hospital, Milan Italy, Andrea Doria, Department of Medicine and Pheumatology Unit, University of Padova Medical School, Padova, Italy [and three others]
Pubbl/distr/stampa	Amsterdam ; ; Cambridge, Massachusetts : , : Elsevier, , [2017] 2017
ISBN	0-444-63669-2 0-12-803997-3
Edizione	[2nd ed.]
Descrizione fisica	1 online resource (xxiii, 542 pages) : illustrations (some color)
Collana	Handbook of systemic autoimmune diseases, , 1571-5078 ; ; volume 14
Disciplina	616.1079
Soggetti	Heart - Diseases - Immunological aspects Autoimmune diseases Cardiological manifestations of general diseases Atherosclerosis - Immunological aspects Vasculitis
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa

Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.

Sommario/riassunto

This book provides an overview on the current understanding of major complications relating to the heart and autoimmune diseases. It includes the latest information on the new pathogenetic mechanisms involved, along with clinical manifestations of these important comorbidities. Mortality in autoimmune diseases, in particular, rheumatoid arthritis and SLE, has increased when compared with the general population, due largely to cardiovascular diseases.
