

1. Record Nr.	UNINA9910583356103321
Autore	Menegaki Angeliki
Titolo	The economics and econometrics of the energy-growth nexus // edited by Angeliki Menegaki
Pubbl/distr/stampa	London, England : , : Academic Press, , [2018] ©2018
ISBN	0-12-812747-3 0-12-812746-5
Edizione	[1st edition]
Descrizione fisica	1 online resource (416 pages)
Disciplina	333.79
Soggetti	Energy industries Energy consumption - Economic aspects
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	The Economics and Econometrics of the Energy-Growth Nexus recognizes that research in the energy-growth nexus field is heterogeneous and controversial. To make studies in the field as comparable as possible, chapters cover aggregate energy and disaggregate energy consumption and single country and multiple country analysis. As a foundational resource that helps researchers answer fundamental questions about their energy-growth projects, it combines theory and practice to classify and summarize the literature and explain the econometrics of the energy-growth nexus. The book provides order and guidance, enabling researchers to feel confident that they are adhering to widely accepted assumptions and procedures. Provides guidance about selecting and implementing econometric tools and interpreting empirical findings Equips researchers to get clearer pictures of the most robust relationships between variables Covers up-to-date empirical and econometric methods Combines theory and practice to classify and summarize the literature and explain the econometrics of the energy-growth nexus
