

1. Record Nr.	UNINA9910583455603321
Autore	Krishnan Monica
Titolo	Handbook of supportive and palliative radiation oncology / / Monica Krishnan, Margarita Racsa, Hsiang-Hsuan Yu
Pubbl/distr/stampa	London, England : , : Academic Press, , 2017 ©2017
Edizione	[1st edition]
Descrizione fisica	1 online resource (328 pages) : illustrations, tables
Altri autori (Persone)	KorantengLauren Akua (MSKCC.) MorylNatalie (MSKCC.)
Disciplina	616.9940642
Soggetti	Cancer - Radiotherapy Cancer - Palliative treatment
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Sommario/riassunto	Handbook of Supportive and Palliative Radiation Oncology serves as a practical tool and rapid reference to assist radiation oncology practitioners in direct patient care with common palliative care issues. Containing the most recent advances in translational palliative care research, each chapter is organized in a succinct fashion to discuss major symptom burdens, suggested assessment, and various management options. Each symptom and disease section is written to be a rapid, practical guide for clinicians on the floor. The book starts with general approaches in palliative radiation oncology that are followed by a section that focuses on common symptoms in palliative care and their management. The next section of the book is devoted to site and disease-specific evaluation, intervention, and management. This handbook provides general guidelines and management recommendations for common clinical vignettes encountered by palliative radiation oncology practitioners and supported by palliative radiation oncology research. Concise references are cited to support treatment recommendation. Provides a quick reference for the busy clinician Details standard of care resources for researchers of palliative

and supportive care Contains updated standards of care for palliative medicine and a list of common medications and dosages Includes a comprehensive index by symptom and condition to facilitate quick reference
