Descrizione fisica	1 electronic resource (92 p.)
Soggetti	RBGB
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	<p>The guide is based on the experience gained during the LiFE in Quarries project. An EU LIFE Programme funded project. Running from 2015 to 2021, it demonstrated that operational biodiversity solutions can be proposed and implemented through controlled investments benefiting nature protection as well as the private sector. The general idea of the project was to define measures favorable to biodiversity acceptable to the private operator, legally and scientifically valid. The partnership forged on this basis included the private sector, regional authorities, scientists and NGOs. The project was led by FEDIEX (Fédération des Entreprises Extractives) in partnership with the Walloon region (Department of Nature and Forests), University of Liège – Gembloux Agro-Bio Tech – Biodiversity and Landscape Unit, Natagora asbl and the Scheldt Plain Nature Park.</p>

4. Record Nr.	UNINA9910966404603321

Sommario/riassunto	This book is a collection of teaching cases on two Chinese companies, UFIDA and Founder. The cases describe the management practices of typical Chinese companies. UFIDA is a well-known company providing management software while Founder is a long-established high-tech company. The book aims at providing readers with original, first-hand materials, based on a theoretical framework, and broadening readers' vision regarding China's business niche in terms of culture, strategy, corporate governance, business environment, organizational dynamics, marketing, human resource, finance and the
