Experience and Implication of China's International Education -- Chapter 12 A Literature Review on China's International Education -- Epilogue.

## Sommario/riassunto

This book gives a panoramic review and summary on the opening up of China's education to the outside world. Firstly, it introduces the connotation of international education, the development history of international education in China, national legislation and vital released documents. It also provides a general view of historical actuality and classic cases interpretation on the principal components of China's international education, namely overseas studying, international students studying in China, Sino-foreign cooperative education, overseas school running, cultural exchanges with other countries, multilateral exchanges, "the Belt and Road" educational actions and macro-management departments of international education. This book is bilingual in both Chinese and English and is an essential guidebook for readers to understand how international education has developed in China.
