

1. Record Nr.	UNINA9910595067703321
Autore	Flahault Antoine
Titolo	Transitioning to Good Health and Well-Being
Pubbl/distr/stampa	Basel, 2022 Basel : , : MDPI AG, , 2022 ©2022
Edizione	[1st ed.]
Descrizione fisica	1 electronic resource (196 p.)
Collana	Transitioning to Sustainability Series
Altri autori (Persone)	MissoniEduardo BinnsColin LeeMi-Kyung ScottJane VulovicVioleta ChaloupkaFrank CarrubaGiuseppe FischerFlorian CarowFranziska
Soggetti	Research & information: general Biology, life sciences Food & society
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Intro -- Introduction -- Health Systems' Functions -- Determinants That Affect Steering and Governance -- Determinants That Affect Human Resources and Access to Medical Products and Technology -- Determinants Affecting the Financing of the System -- Determinants That Affect Service Delivery -- Demand -- The Offer -- Making Health Systems Sustainable -- Steering and Governance -- Ensuring the Right Human Resources and Access to Medical Products and Technology -- Financing -- Health Services -- Conclusions -- References -- Introduction -- Materials and Methods -- Results: Sustainable Development Goal 3 Specific Targets -- Reduce Global Maternal Mortality -- Reduce Neonatal Mortality -- End Specified Epidemics --

Reduce Premature Mortality from Non-Communicable Diseases -- Strengthen the Prevention and Treatment of Substance Abuse -- Halve Global Road Traffic Deaths and Injuries -- Universal Access to Sexual and Reproductive Health-Care Services -- Universal Health Coverage -- Reduce Death and Illness from Hazardous Chemicals, Pollution and Contamination -- Breastfeeding and the Other SDGs -- Disaster Management and Breastfeeding -- Achieving Breastfeeding Goals -- A Supportive Societal Environment -- Maternal and Family Preparation for Breastfeeding -- Health Service Support -- The Promotion of Breast Milk Substitutes -- Specific Groups May Need Special Programs eg Obese Mothers, Illness -- The COVID-19 Pandemic -- Conclusions -- References -- Introduction -- Impact of Consumption of Tobacco, Alcohol and SSBs on Selected SDGs -- Tobacco -- Alcohol -- Sugar-Sweetened Beverages -- Taxation of Tobacco, Alcohol and SSBs and SDGs -- Conclusions -- References -- Foreword: Can Two Emergencies Make an Opportunity? -- The DiMeSa Study -- The PASSI Project -- Conclusions and Perspectives -- References -- Introduction -- Global Health.

Evolution of Global Health -- Health as a Human Right and Global Imperative -- Challenges for Global Health Action -- Financing -- Responsibility -- Changing Patterns of Morbidity, Mortality, and Population Dynamics -- Case Studies: Global Health and Sustainability -- Antimicrobial Resistance -- Climate Change -- Migration -- Digitalisation -- Conclusions -- References -- Introduction -- Materials and Methods -- Measurement of Variables -- Work Ability -- Mobility Limitation -- Mortality -- Statistical Analyses -- Results -- Discussion -- Conclusions -- References -- Blank Page -- Blank Page -- Blank Page -- _Hlk44567756 -- _Hlk22894178 -- Introduction -- Collaboration through Co-Creation and Co-Production -- Content and Progress of SDG 17 -- Research and Practical Implications on SDG 17 -- Exploitation of the Diversity of Cross-Sector Collaboration -- Develop and Demand Overarching Standards and Rules -- Engage in Comprehensive Evaluation of Partnerships -- Build on Trust and Willingness to Achieve Progress -- Conclusions -- References -- Introduction -- Non-Commercial Strategies to Create Positive Social Change -- Method and Data -- Results -- Discussion -- A Specific Species? -- Public, Private or Limited Benefit? -- Conclusions -- References -- Introduction -- The Concepts of Participation and Inclusiveness -- Multi-Stakeholder Partnership: Definitions and Meaning -- Methods and Material -- Methods -- Partnerships for SDGs Online Platform -- Case Study Context-Nigeria -- Results -- Analysis of Stakeholder Participation in Partnerships -- Stakeholder Participation: Spread or Skewed? -- Participation and Inclusivity -- Quality Participation: Value Added or Rhetoric? -- Perceived Obstacles: Why Is Participation Limited? -- Discussion -- Conclusions -- References -- Introduction -- Conceptual and Theoretical Framework -- Materials and Method.

Location of Research Area -- Study Design -- Target Population -- Sampling Design -- Data Collection -- Data Analysis and Interpretation -- Data Validity and Reliability -- Limitations of the Study -- Results -- Institutional Frameworks -- Stakeholder's Engagement and Involvement -- Institutional Collaborations, Trust and Accountability -- Appropriateness of the Fisheries Policies and Legislation -- Fisheries Management System -- Communication between Stakeholders -- Discussion -- Overview of the Institutional Framework -- Stakeholder Engagement and Involvement in Partnerships -- Institutional Collaborations, Trust and Accountability -- Appropriateness of the Policies and Legislation -- Fisheries Management Systems --

Communication between Stakeholders -- Conclusions -- References --
 Introduction -- Working towards the Partnership Sweet Spot --
 Examples of SDG-Related Academia-Private Sector Partnerships --
 Examples of Faculty-Led Partnership Activities -- Examples of
 Management-Led Partnership Activities -- Conclusions -- References
 -- Introduction -- What Are VSS and How Do They Operate? -- To
 Which SDGs Do VSS Contribute? -- Developments -- Challenges --
 Conclusions -- References -- Introduction -- Cross-Sector Social
 Partnerships and Institutional Logics -- Different Institutional Logics as
 Drivers and Opportunities -- Drivers and Opportunities: The Case of
 the FSC -- Challenges Stemming from Different Institutional Logics --
 Challenges: The Case of the FSC -- Overcoming Difficulties --
 Overcoming Difficulties: The Case of the FSC -- Conclusions --
 References -- Introduction -- Uneasy Implementation of Partnership-
 Why to Evaluate Partnership -- Evaluation Framework-What Criteria to
 Apply to Evaluate Quality of Partnership? -- General Evaluation Criteria-
 How to Evaluate Partnership? -- Conclusions -- References --
 Introduction -- Literature Review.
 Climate Change and Local Governments -- ICLEI and PCP Program --
 Cross-Sector Social Partnerships -- Collaborative Strategic
 Management Process -- Key Structural Features for Implementation
 through a Cross-Sector Partnership -- Outcomes of Collaborative
 Strategy Management Process -- Methods and Materials -- District of
 Saanich, British Columbia: Saanich Climate Action Plan (CAP) -- City of
 Guelph, Ontario: Community Energy Initiative (CEI) -- City of North
 Vancouver, British Columbia: Community Energy and Emissions Plan
 (CEEP) -- City of London, Ontario: Community Energy Action Plan
 (2014-2018) (CEAP) -- Results and Discussion -- Cross-Case
 Comparisons -- Implementation Structural Features -- Plan and Partner
 Outcomes -- Implementation Partners -- Relationship between
 Structural Features and Plan Outcomes -- Relationship between
 Structural Features and Partner Outcomes -- Conclusions -- Municipal
 Informant Interview Guide -- Partner Interview Guide -- References --

Sommario/riassunto

At this purpose characterization, production, effectiveness, safety and
 use of natural fibers, block copolymeric nanoparticles and food
 packaging will be briefly described and discussed.
