Sommario/riassunto	Brazil is one of the world's most productive crucibles for new ideas and practices in innovation and collaboration. This meticulously researched book provides a sweeping tour of the issues arising from that leadership. Jonathan Zittrain - Professor, Harvard Law School. "As policy makers around the world grapple with how to configure their intellectual property policies to promote innovation and economic growth, as well as public access to the fruits of intellectual labour, they would do themselves a huge favour by reading Lea Shaver's excellent book." Pam Samuelson
