

1. Record Nr.	UNINA9910598028403321
Autore	Hashemi Arman
Titolo	Climate change mitigation and adaptation - ZEMCH 2016 // Arman Hashemi
Pubbl/distr/stampa	[Place of publication not identified] : , : MDPI AG - Multidisciplinary Digital Publishing Institute, , 2018
Descrizione fisica	1 online resource (vii, 208 pages) : illustrations, diagrams
Disciplina	363.738746
Soggetti	Climate change mitigation
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This book explores the current issues around sustainable design and energy efficiency within the construction industry in both developed and developing countries. Sustainable housing; thermal comfort; daylighting; low-income housing; green roofs; energy efficient retrofitting and photovoltaic facades are some of the subjects discussed in the book.
