

1. Record Nr.	UNINA9910619278803321
Titolo	Cannabis use in medicine : a concise handbook // edited by Rahim Valani
Pubbl/distr/stampa	Cham, Switzerland : , : Springer, , [2022] ©2022
ISBN	9783031127229 9783031127212
Descrizione fisica	1 online resource (164 pages)
Disciplina	905
Soggetti	Cannabis
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Intro -- Preface -- Acknowledgments -- Contents -- Part I: Introduction and Background to Cannabis Use in Medicine -- 1: Introduction to Cannabis for Medical Use -- Introduction -- Recreational Cannabis Use -- The Use of Cannabis for Medical Conditions -- Cannabis Products -- The Use of Cannabis in Oncology: A Case Example -- Summary -- References -- 2: Legal Aspects of Cannabis -- Introduction -- The History of Medical Marijuana in Canada (See Fig. 2.1) -- The Legal Framework of Medical Cannabis in Canada Today -- Cannabis Products -- Licenses Under the Cannabis Act -- Access to Cannabis for Medical Purposes -- The Medical Document -- The Written Order -- Holders of a License for Sale -- Registration with Minister -- Hospital Patients -- Drugs Containing Cannabis -- Research with Cannabis -- Importation or Exportation of Cannabis for Medical or Scientific Purposes -- Summary -- Acts and Regulations Referenced in This Chapter -- References -- 3: Pharmacology of Cannabis -- Introduction -- The Cannabis Plants -- The Endocannabinoid System (See Fig. 3.1) [6-11] -- Endocannabinoid Receptors -- Pharmacokinetics of Phytocannabinoids [8, 9, 15] -- 9-Tetrahydrocannabinol (THC) -- Cannabidiol (CBD) -- Terpenoids [6] -- Synthetic Cannabinoids -- Routes of Administration (See Table 3.4) [8-10, 17] -- Inhalation [3] -- Oral [3] -- Topical -- Special Populations -- Summary -- References -- 4: Patient Assessment and Dosing

Recommendations for Cannabis -- Introduction -- Initial Clinical Assessment [4-7] -- Dosing Recommendations [1, 3-6] -- Administration -- Follow Up Appointments [5, 6, 8, 9] -- Summary -- References -- 5: Analytical Testing of Cannabis -- Introduction -- Analytical Techniques -- Immunoassay -- Gas Chromatography-Mass Spectrometry (GC-MS) -- Liquid Chromatography-Tandem Mass Spectrometry (LC-MS/MS) -- Sample Types and Analytes Measured. Urine Sample -- Blood -- Oral Fluid (Saliva) -- Hair -- Sweat -- New and Upcoming Chemical Detection Method Using Breath Sample -- Challenges and Limitations -- References -- 6: The Role of Genetics in the Use of Cannabis -- Introduction -- Cytochrome P450 Enzymes -- Cytochrome P450 Enzyme: CYP2C9 -- CYP2C9 Polymorphisms -- Clinical Significance -- Practical Implications to CYP2C9 Genetic Testing -- AKT1 Protein Kinase -- AKT1 Polymorphisms -- Clinical Significance -- Practical Implications to AKT1 Genetic Testing -- Catechol-O-Methyltransferase (COMT) Enzyme -- COMT Polymorphisms -- Clinical Significance -- Practical Implications to COMT Genetic Testing -- Cytochrome P450 Enzyme: CYP2C19 -- CYP2C19 Polymorphisms -- Clinical Significance -- Practical Implications to CYP2C19 Genetic Testing -- Conclusion -- References -- 7: Evidence Based Reviews on Cannabis Therapy -- Introduction -- Types of Study Designs in Health Research -- Hierarchy of Evidence: The Traditional Model -- The Revised Model -- Critical Appraisal Tools (CATs) -- Clinical Practice Guidelines -- Grades of Recommendations -- From Evidence to Practice -- Patient Engagement in Cannabis Research -- Conclusions -- References -- Part II: Use of Cannabis in the Management of Specific Medical Conditions -- 8: The Effects and Benefits of Cannabis on the Gastrointestinal Disorders -- Introduction -- The GI Tract and Endocannabinoid System (See Chap. 3 on Pharmacology of Cannabinoids) -- Effects of Cannabis on Specific GI Conditions -- Conclusion -- References -- 9: Neurological Diseases and Cannabinoid Treatment -- Introduction -- Background: Cannabis Formulations and Products -- Neuropharmacology (See Chap. 2 on the Pharmacology of Cannabis) -- Epilepsy -- The Effects of Seizure Control with Cannabis -- Other Considerations -- Adverse Effects -- Summary Points -- Multiple Sclerosis. Efficacy of Cannabis for Symptom Relief in Patients with MS -- Other Outcomes and Adverse Effects -- Summary Points -- Sleep -- Sleep Outcomes -- Effect on Measures of Sleep -- Effect on Sleep Architecture -- REM Sleep Disorder -- Summary Points -- Important Cannabis Drug-Drug Interactions in Neurology -- Summary -- References -- 10: Cannabinoid Treatment for Rheumatic Disease -- Introduction -- Overview of Rheumatic Diseases -- Inflammatory Arthritis (IA) -- Osteoarthritis (OA) -- Fibromyalgia (FM) -- The Endocannabinoid System and Rheumatological Conditions -- The Role of Cannabis in Rheumatological Conditions -- Key Points for Medical Cannabis Use in Rheumatology Patients -- Treatment Principles to Reduce Harm -- Contraindications and Cautions for Medical Cannabis -- The Adolescent and Young Adult with a Rheumatic Disease -- The Adult with a Rheumatic Disease -- The Elderly Person with a Rheumatic Disease -- A Pragmatic Approach to Cannabis Recommendations -- References -- 11: The Use of Cannabis for Pain Management -- Introduction -- Chronic Pain -- Pathophysiology of Pain -- The Endocannabinoid System and Pain -- Chronic Pain Assessment and Management Strategies -- Opioid Therapy for Chronic Pain -- Cannabis Use for Opioid Detoxification -- Use of Cannabis for Chronic Pain -- Summary -- References -- 12: Complications and Adverse Events from Cannabis Use -- Introduction -- Cannabis

in the Emergency Department -- Pharmacodynamics of Cannabis --
Emergency Department (ED) Presentations -- Acute Cannabis
Intoxication [2, 5] -- Intoxication Secondary to Synthetic Cannabinoid
Receptor Agonists (SCRAs) [6-8] -- Cannabis Use Disorder (Problematic
Marijuana Users) -- Cannabis Withdrawal -- Cannabinoid Hyperemesis
Syndrome (CHS) [10-14] -- Pathophysiology of CHS [15] -- Diagnosis
of CHS [10, 16] -- Management [17-19].
Accidental Pediatric Ingestions [2, 5, 22-24] -- Medical Conditions
Associated with Cannabis Use -- References -- Part III: Cannabis Use in
Specific Populations -- 13: Occupational Considerations Related
to Cannabis Use -- Introduction -- Medical Cannabis in the Workplace
-- CBD Use in the Workplace -- Functional Impairment -- Work
Performance -- Specific Cognitive, Psychomotor and Physical
Functional Impairment -- Testing for Impairing Drugs -- Synergistic
Effects of THC, Alcohol and Other Prescription Drugs -- Urine Drug
Testing-State Vs. Federal law -- CBD and Positive Urine Drug Tests
(UDTs) -- Future -- References -- 14: Pediatric Considerations when
Prescribing Cannabis -- Introduction -- Clinically Useful Principles
of Pharmacokinetics, and its Characteristics in Children --
Pharmacological Properties of THC and CBD (See Chap. 3
on The Pharmacology of Cannabis) -- Elimination Pathways of THC
and CBD [1-3] -- Known and Potentially Interacting Drug Elimination
Pathways of Medical Cannabinoids -- Pharmacokinetic Parameters
of Oral Medical Cannabinoids in Adults [8-11] -- Pharmacokinetic
Parameters of Oral Medical Cannabinoids in Children --
Pharmacogenetic Considerations (See Chap. 6 on The Role of Genetics
in the Use of Cannabis) -- Adverse Effects -- Cannabis-drug
Interactions [13] -- Pearls for Pediatric Dosing of Medical Cannabis --
References -- 15: Cannabis Use in the Pregnant Patient -- Introduction
-- Effects of Cannabis in Pregnancy and Breastfeeding -- Indications
for Cannabis in Pregnancy -- Cannabis Use for Pregnancy-Related
Nausea and Emesis -- The Impacts of Cannabis on Pregnancy
and the Fetus (See Fig. 15.1) -- On the Placenta -- On Preterm Birth --
On Birth Weight -- On Neonatal Intensive Care Unit (NICU) Admission
-- On Stillbirth -- On Congenital Anomalies -- On Other Pregnancy
Related Conditions -- On the Child.
On Breastfeeding -- Recommendations from Professional Societies --
American College of Obstetricians and Gynecologists (ACOG)
(Committee on Obstetric Practice) -- Society of Obstetricians
and Gynecologists of Canada (SOGC) [34] -- Royal Australian and New
Zealand College of Obstetricians and Gynecologists (RANZCOG)
(Women's Health Committee) -- American Academy of Breastfeeding
Medicine (ABM) [35] -- American Academy of Pediatrics [36] -- Other
Implications -- References -- Index.
