1.	Record Nr.	UNINA9910619461803321
	Autore	Andric Maja
	Titolo	Fractional Calculus Operators and the Mittag-Leffler Function
	Pubbl/distr/stampa	MDPI - Multidisciplinary Digital Publishing Institute, 2022
	ISBN	3-0365-5368-1
	Descrizione fisica	1 electronic resource (258 p.)
	Soggetti	Research & information: general Mathematics & science
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
	Sommario/riassunto	This book focuses on applications of the theory of fractional calculus in numerical analysis and various fields of physics and engineering. Inequalities involving fractional calculus operators containing the Mittag–Leffler function in their kernels are of particular interest. Special attention is given to dynamical models, magnetization, hypergeometric series, initial and boundary value problems, and fractional differential equations, among others.
