Sommario/riassunto	This book is a full review of China's foreign trade in the past 70 years of institutional changes and reform. It presents a magnificent historical overview for China's economic history, sometimes full of trials and

hardships, while facing the growth and rise. The author aims to build a unique narrative system to analyze the success and failure, gain and loss during the period, and present the China path in foreign trade among numerous events and different stages under a complex context. It is a must-read book for readers who are interested in China's foreign trade during 1949–2019. .
