Note generali	Also issued in print: 2022. "This is an open access publication distributed under the terms of the Creative Commons Attribution Non Commercial No Derivatives 4.0 International licence (CC BY-NC-ND 4.0)"--Title page verso.
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	The economic analysis of law has revolutionized legal scholarship and teaching in the last half-century, but it has focused mostly on private law, business law, and criminal law. This comprehensive textbook applies economic analysis to public law. Featuring lucid, accessible writing and engaging examples, 'Public Law and Economics' addresses enduring topics in public law as well as modern controversies, including gerrymandering, voter identification laws, and qualified immunity for police.
