Drew -- Interviews with people who work with animal abuse.

## Sommario/riassunto

Animal abuse is an increasingly recognised issue throughout the world and makes headlines every year. The plight of animals is well documented, but the hidden cost to those who help is not fully understood. This practical handbook covers definitions, types and explanations of forms of animal abuse, and then examines the impacts of animal abuse on professionals and provides coping strategies. The book concludes with a guide to handling animal abuse, including dealing with the human abusers. Equally useful in the lecture hall, veterinary clinic, or in the field, this is a valuable resource for a
