Sommario/riassunto

As the field of tourism grows in maturity and scientific sophistication, it is important to fully understand the breadth and depth of vacation experience value. Current research delivers a multitude of approaches to value creation, represented here as a set of definitions, perspectives, and interpretations of how tourists, as customers, create value alone and with others. Providing an analytical and systematic clarification of the approaches, this book suggests an understanding of the differences, offering new and practical knowledge for tourism scholars and professionals to highlight the rele
