Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Situating the study: a review of relevant literature -- Introducing the methodology and participants -- Setting a baseline: case studies -- Listening closely: external, internal, and key factors.
Sommario/riassunto	Rural women and leadership have, in recent years, come to be the focus of development initiatives in many countries. To date, however, much of the writing on this topic has focused heavily on obstacles rather than facilitative factors in women's attainment of leadership positions. Citing examples from a case study in Northern Ireland, this book gives voice to the many vital, positive elements in rural women's leadership development.
