

1. Record Nr.	UNINA9910627299703321
Autore	Meilan Richard
Titolo	Forest genomics and biotechnology // Richard Meilan and Matias Kirst
Pubbl/distr/stampa	Wallingford, Oxfordshire, England ; ; Boston, Massachusetts : , : CABI, , [2020] ©2020
ISBN	1-78064-351-9 1-78639-407-3
Descrizione fisica	1 online resource (xi, 274 pages) : illustrations
Collana	CABI biotechnology series ; ; 9
Disciplina	634.956
Soggetti	Forest genetics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Principles of Genome Sciences -- Genomics of Conifers -- Genomics of Hardwoods -- Forest Tree Population Genomics -- Quantitative Genomics of Forest Tree Breeding -- Principles of Forest Biotechnology -- Approaches to Genetically Engineering Flowering Control in Trees -- Engineering for Bioenergy -- Engineering Tolerance to Abiotic Stresses -- Engineering Pest Tolerance -- Regulatory Affairs -- Protecting Intellectual Property.
Sommario/riassunto	"There have been major recent advances in genomics and biotechnology of trees, including the sequencing and annotation of the first tree genomes. Biotechnology applications have now moved from the lab to the field, and this book considers in detail the impact of these technologies in forest productivity and the environment"--
