Lingua di pubblicazione	Francese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Comment penser le Moi dans l'œuvre d'Artaud, lorsque l'on connaît l'allure disparate de ses textes ? Un essai construit autour de l'évocation des énoncés d'Artaud et de leur prolongement. De ses premiers textes des années vingt aux Cahiers de l'après-guerre, on trouve sans cesse chez Antonin Artaud la manifestation d'un sujet d'écriture. Explorer les figures du Moi, parcourir ses frontières, sous les formes les plus variées, constituent l'un des aspects majeurs de ses écrits. Rendant compte de cette puissance d'affirmation, le livre de Patrick Wateau montre aussi les difficultés que rencontre toute lecture d'une des oeuvres les plus énigmatiques du vingtième siècle.

2. Record Nr.	UNINA9910780665703321

Wekerle -- pt. 3. Women's work and the state. Double, double, toil and trouble ... Women's experience of work and family in Canada, 1980-1995 / Meg Luxton and Ester Reiter ; Towards a woman-friendly long-term care policy / Sheila M. Neysmith ; The state

and pay equity : juggling similarity and difference, meaning, and structures / Pat Armstrong -- pt. 4. Women challenging the welfare state. Challenging diversity : Black women and social welfare / Patricia Daenzer ; Women, unions, and the states : challenges ahead / Norene Pupo ; Institutionalizing feminist politics : learning from the struggles for equal pay in Ontario / Sue Findlay.

Sommario/riassunto

"In *Women and the Canadian Welfare State*, scholars from environmental studies, law, social work, sociology, and economics explore the changing relationship between women and the welfare state. They examine the transformation of the welfare state and its implications for women; key issues in the welfare state debates such as social rights, family and dependency, and gender-neutral programs and inequality; women's work and the state; and the role of women as agents of change." "*Women and the Canadian Welfare State* explains not only how women are affected by changes in policy and programming, but how they can take an active role in shaping these changes. It bridges an important gap for scholars and students who are interested in gender, public policy, and the welfare state."--Jacket.
