Titolo	Primitive Thinking : Figuring Alterity in German Modernity // Nicola Gess ; translated by Erik Butler and Susan Solomon
Pubbl/distr/stampa	Berlin ; ; Boston : , : De Gruyter, , [2022] ©2022
Descrizione fisica	1 online resource (v, 391 pages)
Collana	Paradigms ; ; Volume 13
Disciplina	830.900914
Soggetti	Feral children in literature German literature - 20th century - History and criticism
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	"This book explores modernity under the spell of the 'primitive.' Proponents of the ideology of progress as well as critics of civilization, utopians dreaming of a re-enchanted existence and supporters and opponents of nascent fascism alike were all profoundly shaped by the phantasm of the 'primitive', a central element of which, this book argues, is the notion of 'primitive thought'. This comprises a distinct mode of thinking--characterized by turns as magical, mythical, mystical, or prelogical--that allows for a fundamentally different way of relating to the world. It was associated not only with indigenous cultures, but also with other figures of alterity, such as children and the mentally ill. The book examines the discourse on 'primitive thinking' in the social sciences, writings on art and language, and--most centrally--literary works by Robert Musil, Walter Benjamin, Gottfried Benn, and Robert Muller."--
