Sommario/riassunto

With the Hegel Lecture 2010, held by Homi K. Bhabha, the Dahlem Humanities Center is launching the Open Access publication of the series. In his talk, Bhabha evokes the spirit of Hegel in an attempt to understand contemporary issues of ethical witness, historical memory and the rights and representations of minorities in the cultural sphere. Who is our neighbour today? What does hospitality mean for our times? Why is the recognition of others such an agonizing encounter with the alterity of the self? The lecture exemplifies how the "Third Space" - one of the key theories of Postcolonialism - helps us to establish a new understanding of cosmopolitanism and hospitality in a globalized world, based on the right of difference in equality.
