Sommario/riassunto	"Armed with the motto "Diversity Our Strength," the City of Toronto has garnered a world-class reputation for challenging racism, largely because of how it is seen to value and include racialized groups through its diversity policies and practices. <i>Toronto the Good?</i> unsettles popular depictions of both diversity and the City of Toronto by attending to what diversity does in and for the City in the context of historical relations of race. <i>Toronto the Good?</i> brings together Shana Almeida's critical insights as a former political staff member along with her years of in-depth research on diversity in the City of Toronto to offer a compelling case to rethink how we understand diversity and racial inclusion in the City of Toronto and beyond. Initiated in a local context, <i>Toronto the Good?</i> critically contributes to global discussions

on diversity, race, democracy, political participation, and power."--
