

1. Record Nr.	UNINA9910634047203321
Autore	Leffler Jarrod M.
Titolo	Handbook of evidence-based day treatment programs for children and adolescents // Jarrod M. Leffler and Elisabeth A. Frazier
Pubbl/distr/stampa	Cham, Switzerland : , : Springer International Publishing, , [2022] ©2022
ISBN	3-031-14567-4
Descrizione fisica	1 online resource (483 pages)
Collana	Issues in Clinical Child Psychology
Disciplina	618.9289
Soggetti	Child psychiatry Community mental health services for children Psiquiatria de l'adolescència Psiquiatria infantil Assistència psiquiàtrica Llibres electrònics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Intro -- Preface -- Acknowledgments -- Contents -- About the Editors -- Contributors -- Part I: Building Blocks of Day Treatment Programs -- 1: Introduction and Overview of Day Treatment Programs -- What Are Day Treatment Programs? -- Handbook Overview -- Part I: Building Blocks of Day Treatment Programs -- Part II: Partial Hospitalization Programs (PHPs) -- Part III: Intensive Outpatient Programs (IOPs) -- Part IV: Programs of Special Interest -- Part V: Special Topics on Service Utilization and Follow-Up Care -- Conclusion -- References -- 2: The History and Purpose of Day Treatment Programs -- Introduction -- History and Evolution -- Program Models -- The History and Role of Academics in Day Treatment Programs -- Treatment Team -- Treatment Setting -- Treatment Components and Program Outcomes -- The Menninger Clinic -- History -- PHP Programming -- Schedule -- Milieu Therapy -- Outcomes -- Future of Day Treatment Programs -- Telehealth Adaptions -- Integrating Technology -- Family Involvement -- Future Research -- Conclusion -- References -- 3: Program Development and Administration in Day Treatment Settings --

Overview of Day Treatment Programs -- Titles of Day Programs -- Treatment Elements -- Population Mental, Medical, and Physical Health Needs -- Patient and Caregiver Availability -- Program Access -- Billing Practices and Covered Services -- Developing and Maintaining a Day Treatment Program -- Working with Stakeholders and Leaders -- Program Length and Duration -- Patient Considerations and Characteristics -- Staffing Models and Needs -- Team Communication -- Staff Training -- Financial Aspects of the Program -- Facility and Space Considerations -- Referrals and Working with the Community -- Cultural Considerations -- Transportation -- Working with Schools -- Program Licensure, Accreditation, and Regulatory Requirements.

Evidence-Based Assessment and Outcome Measurement -- Implementation of Evidence-Based Treatments -- Conclusion -- References -- 4: Implementation and Training -- Introduction -- Patient Factors -- Comorbidity and Acuity -- Family System and Developmental Considerations -- Diversity -- Treatment Planning and Potential Barriers to Care -- Therapist Factors -- Engagement and Support of Implementation -- Working with a Treatment Team -- Organizational Factors -- Clinical Burden and Burnout -- Training Factors and Methods -- Training Models in Day Treatment Programs -- Recommendations for Training Strategies in Day Treatment Settings -- Application of Training Lessons Learned -- Conclusions -- References -- 5: Assessment and Evaluation of Outcomes in Youth Day Treatment Programs -- Overview -- Definition -- Components -- Rationale -- Evidence Base -- Adult Populations -- Youth Populations -- Mechanisms, Benefits, and Stakeholders -- Proposed Mechanisms -- Benefits to Stakeholders -- Barriers and Recommendations -- Conclusion -- References -- Part II: Partial Hospitalization Programs (PHPs) -- 6: Perspectives on General Partial Hospital Programs for Children -- Program Development and Implementation -- Financial Planning -- Training Opportunities -- Stakeholder Involvement -- Day-to-Day Programming -- Daily Schedule -- In-Person Treatment Day Schedule -- Theoretical Framework -- Clinical Approaches -- Treatment Modalities -- Crisis and Safety Response and Management -- Use of Evidence-Based and Empirically Informed Assessment -- Assessing Suicidality -- The PHP Standard Assessment Battery -- Use of Evidence-Based and Empirically Informed Interventions -- Evidence-Based Interventions -- Cultural Considerations -- The Role of Psychiatry in the Partial Hospital Program Treatment Team -- Collaborations and Generalizing Treatment Gains.

Inclusion of Family and Caregivers -- Working with Schools -- Coordinating with Outside Treatment Providers -- Discharge Planning -- Integrating Research and Practice -- Lessons Learned, Resources, and Next Steps -- References -- 7: Child and Adolescent Integrated Mood Program (CAIMP) -- Child and Adolescent Integrated Mood Program (CAIMP) -- Attendance Requirements -- Demographics -- Theoretical Overview -- Structure -- Programming -- Managing Mental Health Crises During Program -- Discharge and Follow-Up Care -- Program Development -- Staffing -- CAIMP Daily Schedule -- Trainees -- Supervision -- Day-to-Day Programming -- Groups -- Light Stretch, Goal Setting, and Daily Goal Review Groups -- Stress Management Mindfulness Group -- Health and Wellness Group -- Multifamily Group -- Youth CBT Group -- Interpersonal Therapy Group -- Occupational Therapy Group -- Recreational Therapy Group -- Caregiver Group -- Caregiver Skills Group -- Crisis and Safety Response Management -- Individual and Family Therapy -- Use of Daily Projects and SMART Goals -- Miscellaneous Activities --

Implementation of Evidence-Based Assessment -- Depression -- Bipolar Disorder -- Assessment Strategies for Youth -- Assessment in CAIMP -- Admission -- Discharge and Follow-Up -- Implementation of Evidence-Based Interventions -- Collaborations and Generalizing Treatment Gains -- Integrating Research and Practice -- Lessons Learned and Program Longevity -- Program Development and Goals -- Finances -- Physical Space and Milieu -- Internal and External Resources -- Considerations for Development and Implementation of Similar Programs -- Resources for Program Development and Maintenance -- Ongoing Initiatives and Next Steps -- Conclusion -- References -- 8: The UCLA Achievement, Behavior, Cognition (ABC) Program -- Which Children/Families Are Admitted to ABC? -- Program History.

Program Format -- Patient Population -- The Multidisciplinary Treatment Team -- Goals and Treatment Planning -- Typical Treatment Course -- Overview -- Admission Screening -- Initial Assessment and Clinical Interview -- Case Conceptualization -- Measurement-Based Care -- Evidence-Based and Empirically Informed Interventions -- Individual Interventions -- Group Interventions -- Family/Parent Interventions -- Communication About Cases -- Internal Communication -- External Communication -- Program Development and Implementation -- Cost and Coverage -- Staffing -- Family Strategies -- Including Stakeholders and Navigating Institutional Expectations and Limitations -- What Does Clinical Change Look Like at ABC? -- Lessons Learned and Next Steps -- References -- 9: Center for Autism and Developmental Disabilities Partial Hospitalization Program -- Program Overview -- Program Structure -- Patient Presentation -- Program Goals and Expectations -- Program Development and Implementation -- Referral Sources -- Billing, Reimbursement, and Insurance -- Training -- Day-to-Day Programming -- Theoretical Framework -- Use of Evidence-Based and Empirically Informed Assessment -- Use of Evidence-Based and Empirically Informed Interventions -- Case Example -- Refining and Generalizing Interventions -- Culturally Competent Treatment -- Collaborations and Generalizing Treatment Gains -- Integrating Research and Practice -- Lessons Learned, Resources, and Next Steps -- Conclusion -- References -- 10: Dialectical Behavior Therapy -- Overview of 3East Partial Hospitalization Program DBT and Adolescents -- History of the DBT PHP -- The DBT PHP -- Structure -- Patient Overview -- Treatment Goals -- Program Components -- Group Therapy -- Individual Therapy -- Family Involvement -- Psychiatric Consultation -- Homework -- Skills Coaching -- Consultation Team -- Program Extensions.

Discharge Planning/Recommendations -- Crisis and Safety Response/Management -- Diversity Considerations Related to Staff, Adolescents, and Access to Care -- Training -- Building Stakeholders and Navigating Institutional Expectations/Limitations -- Staffing -- Patient Age Range -- Level of Acuity -- Navigating Insurance Coverage and Billing -- Generalizing Treatment Gains and Collaborations -- Use of Empirically Informed Assessment -- Use of Empirically Informed Interventions -- Integrating Research and Practice -- Lessons Learned, Resources, and Initiatives -- Conclusion -- References -- 11: Obsessive Compulsive and Related Disorders -- Program Overview -- Patient Population -- Program Focus -- Length of Stay and Follow-Up Care Models -- Program Development and Implementation -- Resources, Finances and Stakeholders -- Patient Caregivers as Stakeholders -- Day-to-Day Programming -- Theoretical Framework -- Structure of Intervention -- Use of Empirically Informed Assessment

-- Use of Empirically Informed Interventions -- Evidence Base for Outpatient Level of Care -- Evidence Base for Higher Levels of Care -- Application of Empirically Informed Treatment -- Collaborations and Generalizing Treatment Gains -- Families -- Schools -- Treatment Providers and Others -- Integrating Research and Practice -- Research Team -- Lessons Learned, Resources and Next Steps -- Training and Communication -- Managing Growth: Differentiation -- Adapting to New Realities: Opportunities and Challenges -- Next Steps -- References -- 12: Family-Based Interdisciplinary Care for Children and Families with Comorbid Medical and Psychiatric Conditions: The Hasbro Children's Partial Hospital Program -- Program Overview and History -- Empathy and Expectations: HCPHP Community Rules -- Behavioral Principles: The HCPHP "Point Store" -- After-Hours Support. Unified Messaging Across Teams at HCPHP.
