

1. Record Nr.	UNINA9910634082103321
Autore	Betz Michael
Titolo	Modellierung und Optimierung der strömungstechnischen Vorgänge in Abweiseradsichtern
Pubbl/distr/stampa	Karlsruhe, : KIT Scientific Publishing, 2022
ISBN	1000150815
Descrizione fisica	1 electronic resource (164 p.)
Soggetti	Mechanical engineering & materials
Lingua di pubblicazione	Tedesco
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Centrifugal classifiers are processing machines used in the gas-particle classification. The aim of this work is to reduce energy costs by improving the classification properties and reducing the pressure drop. In addition to design measures, the focus is also on model development. For the development of the models, a deeper understanding of the flow processes is required.
