Sommario/riassunto	This book offers a nuanced, insightful and multi-disciplinary analysis of Russia's war against Ukraine and EU's position vis-à-vis this war. It is both an excellent book on the war specifically and EU foreign policy more generally. The book is, indeed, a must-read for now, but also a must-keep for the future. - Gustav Schaldemose, Head of Security Unit, The Prime Minister's Office, Denmark This book offers an accessible and rigorous introduction to the context, diplomacy, and law of the European Union's response to Russia's 2022 invasion of Ukraine. The book explores how the EU responded to the war in the initial months, and is based on research carried out on Russian and European political, diplomatic, and legal texts. Presenting a unique interdisciplinary perspective, the book delves into topics such as the EU diplomatic response, the Ukrainian application for membership of the EU, the policy and legal aspects of EU sanctions against Russia and Belarus.

Additionally, the book examines the significance of the EU's unprecedented political response for the constitutional structure of the EU, and for the strategy toward the Russia of the future. Luigi Lonardo is a Lecturer in EU law at University College Cork, Ireland, and a visiting Lecturer in European Foreign Security and Defence Policy at Sciences Po in Paris, France.
