Sophistic Innovations; 6. Female Speech; 7. Foreigner Talk; 8. Conclusion; Appendix: Aristophanes' Attic: A Grammatical Sketch; References; Index of Passages; Index of Greek; General Index
Sommario/riassunto	The play with linguistic styles constitutes an important ingredient of

Aristophanic humour. Andreas Willi uses the stylistic diversity as a source to reconstruct the 'real' styles upon which Aristophanes based his text. Most of these 'real' styles would otherwise be lost because they are not represented in serious literature. - ;By examining linguistic variation in Aristophanic comedy, Andreas Willi opens up a new perspective on intra-dialectal diversity in Classical Attic Greek. A representative range of registers, technical languages, sociolects, and (comic) idiolects is described and analysed

Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	What are the factors which have made South Africa so appealing to terrorist and radical islamic organisations? What role has South Africa played within global Jihad? This book examines how South Africa has come to play a major role in global terror networks stemming from growing criminality and corruption within state structures. It also examines the interaction between local and foreign extremist elements which undermine South Africa's security. The author brings the discussion beyond the usual mundane academic treatise to the sharp reality of the global dangers of politicised Islam – a muslim talking candidly about Islam.
