

1. Record Nr.	UNINA9910643500203321
Titolo	Ciba Foundation symposium [[electronic resource]] : Cardiomyopathies // edited by G.E.W. Wolstenholme and Maeve O'Connor
Pubbl/distr/stampa	Boston, : Little, Brown and Co., 1964
ISBN	1-280-59195-1 9786613621788 0-470-71937-0 0-470-71691-6
Descrizione fisica	1 online resource (443 p.)
Collana	Ciba Foundation symposia
Altri autori (Persone)	WolstenholmeG. E. W (Gordon Ethelbert Ward) O'ConnorMaeve
Disciplina	616.12
Soggetti	Heart - Diseases
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and indexes.
Nota di contenuto	CARDIO-MYOPATHIES; Preface; Contents; Chairman's introduction; Hypertrophic obstruction of the left ventricular outflow: clinical recognition of the condition; The pathological recognition of obstructive cardiomyopathy; Discussion; Hypertrophic obstructive type of cardiomyopathy: clinical syndrome; Diagnosis of various types of hypertrophic obstructive cardiomyopathy; Muscular subaortic stenosis: the clinical syndrome, with additional evidence of ventricular septal hypertrophy; Discussion; Haemodynamics of muscular subaortic stenosis (obstructive cardiomyopathy); Discussion Related physiology of cardiac contractionDiscussion; The histochemistry and electron microscopy of obstructive cardiomyopathy; Discussion; The haemodynamic effects of circulatory drugs in patients with idiopathic hypertrophic subaortic stenosis; The clinical pharmacology of hypertrophic obstructive cardiomyopathy; Drug- induced myopathies; Discussion; Radiology of hypertrophic obstructive cardiomyopathy; Discussion; Operative treatment in idiopathic hypertrophic subaortic stenosis: surgical methods and the results of operation Results of surgical treatment of patients with diffuse hypertrophic

subaortic stenosisThe technique of operation for obstructive
cardiomyopathy; The results of surgical treatment of hypertrophic
obstructive cardiomyopathy; Discussion; General Discussion; Other
forms of cardiomyopathy; Endomyocardial fibrosis; Discussion;
Fibroelastosis; Friedreich's disease; Discussion; Viral myocarditis;
Discussion; Closing remarks; Author index; Subject Index
