Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references (p. 267-303) and index.
Sommario/riassunto	<p>The intersection of race and sex in Latin America is a subject touched upon by many disciplines but this is the first book to deal solely with these issues. Interracial sexual relations are often a key mythic basis for Latin American national identities, but the importance of this has been underexplored. Peter Wade provides a pioneering overview of the growing literature on race and sex in the region, covering historical aspects and contemporary debates. He includes both black and indigenous people in the frame, as well as mixed and white people, avoiding the implication that "race" means "black-white" relations. Challenging but accessible, this book will appeal across the humanities and social sciences, particularly to students of anthropology, gender studies, history and Latin American studies.</p>
