

1. Record Nr.	UNINA9910647487803321
Autore	Church David <1982->
Titolo	Mortal Kombat : games of death / / David Church
Pubbl/distr/stampa	Ann Arbor : , : University of Michigan Press, , 2022 ©2022
Descrizione fisica	1 online resource (viii, 162 pages)
Collana	Landmark video games
Disciplina	794.8
Soggetti	Video games - Social aspects
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Intro -- Contents -- Acknowledgments -- Introduction: ABACABB -- One. Ludic Precursors and Generic Innovations -- Two. Cinematic Influences and Cultural Politics -- Three. Mortal Kontroversy or, Dispatches from the Console Wars -- Four. Imitation, Derivation, and Reinvention -- Notes -- Glossary -- Mortal Kombat Ludography -- Bibliography -- Index.
Sommario/riassunto	Upon its premiere in 1992, Midway's Mortal Kombat spawned an enormously influential series of fighting games, notorious for their violent "fatality" moves performed by photorealistically rendered characters. Targeted by lawmakers and moral reformers, the series directly inspired the creation of an industrywide rating system for video games and became a referendum on the wide popularity of 16-bit home consoles. Along the way, it became one of the world's most iconic fighting games, and a transmedia franchise that continues to this day. This book traces Mortal Kombat's history as an American product inspired by both Japanese video games and Chinese martial-arts cinema, its successes and struggles in adapting to new market trends, and the ongoing influence of its secret-strewn narrative world. After outlining the specific elements of gameplay that differentiated Mortal Kombat from its competitors in the coin-op market, David Church examines the various martial-arts films that inspired its Orientalist imagery, helping explain its stereotypical uses of race and gender. He also posits the games as a cultural landmark from a moment when

public policy attempted to intervene in both the remediation of cinematic aesthetics within interactive digital games and in the transition of public gaming spaces into the domestic sphere. Finally, the book explores how the franchise attempted to conquer other forms of media in the 1990s, lost ground to a new generation of 3D games in the 2000s, and has successfully rebooted itself in the 2010s to reclaim its legacy.
