Nota di bibliografia	Includes bibliographical references (p. 452-468) and index.
Nota di contenuto	pt. 1. The Greek campaign -- pt. 2. Australian soldiers in Greece -- pt. 3. The Crete campaign -- pt. 4. Behind enemy lines.
Sommario/riassunto	Little is known about the real reasons that Australia committed troops to Greece. Australian historians have, for too long, neglected the Greek and Crete campaigns and what has been written until now, has ignored the Greek side of the story. Never before has the impact of fifth-column activity on Australia's military relationship with Greece been investigated. This compelling book combines details of the campaigns with an account of the response of Greeks and Cretans to the Allied forces on their soil.

2.	Record Nr.	UNINA9910744991703321
	Titolo	Hospitality marketing / David Bowie, Francis Buttle, Maureen Brookes and Anastasia Mariussen
	Pubbl/distr/stampa	Abingdon, Oxon ; , : Routledge, 2017
	ISBN	9781138927483
	Edizione	[3rd rd.]
	Descrizione fisica	XXIII, 415 p. : ill. ; 24 cm
	Disciplina	338.4
	Locazione	DECBC
	Collocazione	AZHM80A
	Lingua di pubblicazione	Inglese

Evelyn Hooker, Frank Kameny, and Depathologizing Homosexuality, 1957-73 -- Epilogue: Beyond 1973 -- Notes -- Index
Sommario/riassunto	The struggle to remove the stigma of sickness surrounding same-sex love has a long history. In 1973, the American Psychiatric Association removed homosexuality from its diagnostic classification of mental illness, but the groundwork for this pivotal decision was laid decades earlier. In this new study, Henry L. Minton looks back at the struggle of the American gay and lesbian activists who chose scientific research as a path for advancing homosexual rights. He traces the history of gay and lesbian emancipatory research from its early beginnings in the late nineteenth century to its role in challenging the illness model in the 1970's. By examining archival sources and unpublished manuscripts, Minton reveals the substantial accomplishments made by key researchers and relates their life stories. He also considers the contributions of mainstream sexologists such as Alfred C. Kinsey and Evelyn Hooker, who supported the cause of homosexual rights through the advancement of scientific knowledge. By uncovering this hidden chapter in the story of gay liberation, Departing from Deviance makes an important contribution to both the history of science and the history of sexuality.
