Sommario/riassunto

Each year from 1978 through 1987 the Center for Creative Leadership hosted an event called Creativity Week, during which a select group of researchers and practitioners would get together for a high-energy exchange of ideas on organizational creativity. Discussions explored such themes as individual innovation, creativity and teamwork, structuring the organization for innovation, and the relation of innovation to culture and technology. This book, which offers papers based on many of the best Creativity Week presentations, is thus a record of recent thinking, both practical and theoretical, on how organizational effectiveness can be improved.

Sommario/riassunto

This book examines some of the most pressing issues facing the Turkish political establishment, in particular the issues of political Islam, and Kurdish and Turkish nationalisms. The authors explore the rationales of the main political actors in Turkey in order to increase our understanding of the ongoing debates over the secularist character of the Turkish Republic and over Turkey's longstanding Kurdish issue. Original contributions from respected scholars in the field of Turkish and Kurdish studies provide us with many insights into the social and political fabric of Turkey, explori
