

1. Record Nr.	UNINA9910673910403321
Autore	Schwalm Leslie A (Leslie Ann), <1956->
Titolo	Medicine, Science, and Making Race in Civil War America
Pubbl/distr/stampa	Chapel Hill : , : University of North Carolina Press, , 2023 ©2023
ISBN	979-88-908629-7-6 1-4696-7270-7 1-4696-7271-5
Edizione	[1st ed.]
Descrizione fisica	1 online resource (233 pages)
Disciplina	599.97097309/034 973.77508996
Soggetti	Scientific racism Racism in medicine Medical care African Americans Scientific racism - United States - History - 19th century Racism in medicine - United States - History - 19th century History Electronic books. United States United States History Civil War, 1861-1865 African Americans United States History Civil War, 1861-1865 Medical care
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Militarizing race -- Commissioning race -- Narrating and enumerating race -- Anatomizing race -- The afterlife of race.
Sommario/riassunto	"Diving deeply into the tables and statistics, specimens, skull collections, reports, questionnaires, and surveys that make up the recently organized and newly available records of the United States Sanitary Commission, Leslie A. Schwalm reveals the racial project of the Civil War as it unfolded in Northern white medical and scientific organizations. Despite the Civil War's importance as a watershed

moment in the country's history of anti-Blackness, Union victory and the abolition of slavery did not dislodge the racial hierarchies and ideas about people of African descent that had existed before the war"--
