

1. Record Nr.	UNINA9910674022203321
Titolo	Human factors in green building / / edited by Zhonghua Gou
Pubbl/distr/stampa	Basel, Switzerland : , : MDPI - Multidisciplinary Digital Publishing Institute, , 2019
Descrizione fisica	1 online resource (200 pages)
Disciplina	720.47
Soggetti	Sustainable buildings - Design and construction
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	<p>About the Special Issue Editor -- Preface to "Human Factors in Green Building" -- Zhonghua Gou Human Factors in Green Building: Building Types and Users' Needs Reprinted from: Buildings 2019, 9, 17, doi: 10.3390/buildings9010017 -- Felix Kin Peng Hui and Lu Aye Occupational Stress and Workplace Design Reprinted from: Buildings 2018, 8, 133, doi:10.3390/buildings8100133 -- Zhonghua Gou, Jian Zhang and Leigh Shutter The Role of Personal Control in Alleviating Negative Perceptions in the Open-Plan Workplace Reprinted from: Buildings 2018, 8, 110, doi:10.3390/buildings8080110 -- Mattias Holmgren and Patrik S "orqvist Are Mental Biases Responsible for the Perceived Comfort Advantage in "Green" Buildings? Reprinted from: Buildings 2018, 8, 20, doi:10.3390/buildings8020020 -- Hing-wah Chau, Clare Newton, Catherine Mei Min Woo, Nan Ma, Jiayi Wang and Lu Aye Design Lessons from Three Australian Dementia Support Facilities Reprinted from: Buildings 2018, 8, 67, doi:10.3390/buildings8050067 -- Yisong Zhao and Monjur Mourshed Patients' Perspectives on the Design of Hospital Outpatient Areas Reprinted from: Buildings 2017, 7, 117, doi:10.3390/buildings7040117 -- Masa Noguchi, Nan Ma, Catherine Mei Min Woo, Hing-wah Chau and Jin Zhou The Usability Study of a Proposed Environmental Experience Design Framework for Active Ageing Reprinted from: Buildings 2018, 8, 167, doi:10.3390/buildings8120167 -- Zhonghua Gou, Maryam Khoshbakht and Behnam Mahdoudi The Impact of Outdoor Views on Students' Seat Preference in Learning Environments Reprinted from: Buildings 2018, 8,</p>

#### Sommario/riassunto

World Green Building Council suggests that health, well-being and productivity should be the next chapter for green building. There is an obvious shift of green building movement from technology-centric towards human-centric, which culminates in recent WELL Building Standard, focusing exclusively on human health and wellness. This special issue aims to push forward the research, discourse and practice of green building towards more human-oriented design solutions.
