---

Sommario/riassunto

The Handbook of World Englishes is a collection of newly commissioned articles focusing on selected critical dimensions and case studies of the theoretical, ideological, applied and pedagogical issues related to English as it is spoken around the world. Represents the cross-cultural and international contextualization of the English language  
Articulates the visions of scholars from major varieties of world Englishes - African, Asian, European, and North and South American  
Discusses topics including the sociolinguistic contexts of varieties of English in the inner, outer
