Sommario/riassunto	<p>This book is an edition and translation of one of the most important and celebrated sources of Old Norse-Icelandic mythology and heroic legend, namely the medieval poems now known collectively as the Poetic Edda or Elder Edda. Included are thirty-six texts, which are mostly preserved in medieval manuscripts, especially the thirteenth-century Icelandic codex traditionally known as the Codex Regius of the Poetic Edda. The poems cover diverse subjects, including the creation, destruction and rebirth of the world, the dealings of gods such as Oðinn, Þorr and Loki with giants and each other, and the more intimate, personal tragedies of the hero Sigurðr, his wife Guðrun and the valkyrie</p>

Brynhildr.
