Sommario/riassunto	Ideas of Landscape discusses the current theory and practice of landscape archaeology and offers an alternative agenda for landscape archaeology that maps more closely onto the established empirical strengths of landscape study and has more contemporary relevance. The first historical assessment of a critical period in archaeology Takes as its focus the so-called English landscape tradition -- the ideological underpinnings of which come from English Romanticism, via the influence of the "father of landscape history": W. G. Hoskins Argues that the strengths
