

1. Record Nr.	UNINA9910678021103321
Titolo	Veterinary cytology // [edited by] Leslie C. Sharkey, M. Judith Radin, Davis Seelig
Pubbl/distr/stampa	Hoboken, New Jersey : , : Wiley-Blackwell, , 2021
ISBN	1-119-12571-5 1-119-12572-3 1-119-38055-3
Descrizione fisica	1 online resource (1,027 pages) : color illustrations
Disciplina	636.089/1
Soggetti	Veterinary medicine - Diagnosis Cytodiagnosis
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	"Veterinary Cytology offers a state-of-the-art, evidence based reference to all aspects of veterinary cytology. Truly multidisciplinary in its approach, chapters are written by experts in fields ranging from clinical pathology to internal medicine, surgery, and dermatology, drawing the various specialties together to create a complete picture of cytology's role in treating animals. Firmly grounded in the primary literature, the book focuses on companion animals, with special chapters for species with fewer publications. Chapters are logically organized by body system, with additional chapters on tumors of particular import and diagnostic decision-making. Veterinary Cytology is an essential resource for clinical and anatomic pathologists and any specialist in areas using cytology, including veterinary oncologists, criticalists, surgeons, ophthalmologists, dermatologists, and internists"
