Sommario/riassunto	After getting married, moving house and starting a new job, selling a business is high up there with the most stressful things you can undertake. As a proprietor of a privately owned company every effort needs to be made to minimise the risks and maximise the buyer's offer. This is THE definitive A-Z guide on selling a business which splits the process down into two key stages. The 'pre-sale period' section of the Report examines what you hope to achieve when selling, looks at the most appropriate exit route to take and provides advice on appointing the best financial, legal and tax advisors.
