Sommario/riassunto	Publishes articles and case studies analysing best practice, emerging issues and new thinking in how to develop a profitable, customer-focused payments strategy. It examines major issues facing the corporate, wholesale and retail payments industry from a business, risk and operational perspective. Each quarterly 100-page issue provides practical, detailed analysis of developments and trends in the payments

business, regulation, new entrants and technologies and how to bring them all together to define your payments strategy, as well as actionable advice and 'lessons learned' from fellow professionals on how payment processing systems can be leveraged to maximise profitability, security and efficiency and minimise risk.
