

1. Record Nr.	UNINA9910683347303321
Autore	Laskaris George
Titolo	Periodontal Manifestations of Local and Systemic Diseases : Color Atlas and Text // George Laskaris, Dimitris Tatakis, and Eleana Stoufi
Pubbl/distr/stampa	Cham, Switzerland : , : Springer, , [2023] ©2023
ISBN	9783031108280 9783031108273
Edizione	[Second edition.]
Descrizione fisica	1 online resource (316 pages)
Disciplina	616.9792
Soggetti	Oral manifestations of general diseases
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Normal Periodontium: Normal Periodontium -- Local Diseases and Conditions Affecting Periodontal Tissues: Periodontal and Gingival Health -- Gingivitis -- Periodontitis -- Necrotizing Periodontal Diseases -- Peri-Implant Diseases and Conditions -- Other Local Non - Dental Biofilm Induced Conditions Affecting Periodontal Tissues: Periodontal Abscesses -- Mucogingival Deformities and Conditions round Teeth -- Endodontic and Periodontal Lesions -- Traumatic Occlusal Forces and Occlusal Trauma -- Tooth and Prostheses Related Factors -- Developmental Disorders -- Heavy Metal and Foreign Bodies Depositions -- Mechanical Gingival Lesions -- Chemical and Thermal Gingival Lesions -- Drug Influenced Gingival Lesions -- Radiation and Chemotherapy-Induced Gingival Lesions -- Allergic and Inflammatory Reactions -- Pigmentary Disorders -- Bacterial Gingival Infections -- Viral Gingival Infections -- Fungal Gingival Infections -- Aphthous Ulcers -- Periodontitis as a Risk Factor for Systemic Diseases -- Gingivitis and Periodontitis as a Source of Malodor -- Systemic Diseases Affecting Periodontal Tissues: Genetic Diseases -- Bacterial Infections -- Viral Infections -- HIV Infection and AIDS -- Systemic Mycoses -- Protozoa Infections and Infestations -- Hematologic Diseases Non Neoplastic -- Mucocutaneous Diseases -- Paraneoplastic Mucocutaneous Diseases -- Autoimmune and Autoinflammatory Diseases -- Orofacial Granulomatosis -- Metabolic Diseases --

Endocrine Diseases -- Vitamin Deficiencies -- Potentially Malignant Disorders Affecting Periodontal Tissues: Leukoplakia -- Tumors Affecting Periodontal Tissues: Benign Tumors -- Malignant Tumors -- Hematopoietic and Lymphoid Tissue Malignancies -- Other Lesions, Tumors and Cysts Affecting Periodontal Tissues: Reactive Lesions -- Fibro Osseous Lesions -- Peripheral Odontogenic Tumors -- Soft Tissue Cysts -- Appendix. Classification of Gingival Lesions by Color and Morphology.

Sommario/riassunto

This comprehensive atlas illustrates the important relationship between periodontal and systemic health and disease with a wealth of superb illustrations. The periodontium as a part of the oral tissues is of great interest to dentists and its importance extends beyond local disorders to a wide range of conditions that may affect periodontal health. The atlas covers both local and systemic disorders including inflammatory diseases, developmental disorders, metabolic disorders, endocrine disorders, cancer and a vast number of other diseases, that may present with gingival or periodontal lesions. Now in its 2nd edition, *Periodontal Manifestations of Local and Systemic Diseases* helps periodontists, oral medicine specialists, general dentists, and dental students to diagnose and manage patients with complex medical problems. The book is unique because no other books specifically focused on the periodontal manifestations of oral and systemic diseases have been available in this form. Nineteen years after the first edition the book has been almost entirely rewritten, expanded and updated. Over 50% of the pictorial material has been renewed and enriched with high quality color images. The book is written by a team of experienced experts and will be a valuable resource for the community.
