

1. Record Nr.	UNINA9910683368503321
Titolo	25th Anniversary of Molecules : Recent Advances in Analytical Chemistry // edited by Gavino Sanna, Stefan Tsakovski
Pubbl/distr/stampa	Basel : , : MDPI - Multidisciplinary Digital Publishing Institute, , 2023
ISBN	3-0365-6944-8
Descrizione fisica	1 online resource (304 pages)
Disciplina	539.6
Soggetti	Molecules
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This reprint gathers 16 contributions (13 research articles and 3 reviews) covering different areas of analytical chemistry. Many of these contributions deal with the development and application in real matrices of chromatographic methods interfaced with mass spectrometry, but also spectroscopic, electrochemical, and separation methods are also proposed.
